Instructions

- (1) Please note that this form is being provided for your convenience. It contains all required elements for annual reports under 40 CFR 262.56 and 40 CFR 262.87(a).
- (2) "Exporter Page" - please fill out all items listed on this page, which correspond to 40 CFR 262.56(a)(1)-(2) and (6), and 40 CFR 262.87(a)(1)-(2) and (6).
- (3) If you are required to comply with 40 CFR 262.56(a)(5) and/or 40 CFR 262.87(a)(5), fill out the "Waste Reduction Page".
- (4) "Export Data by Destination" - please fill out all items listed on this page for each waste stream you shipped during the reporting year to each receiving facility, which correspond to 40 CFR 262.56(a)(4) and 40 CFR 262.87(a)(4).
 - (a) The "Receiving Facility" should be the ultimate recycling or disposal facility to which you received consent to export the specific waste streams.
 - (b) The "Applicable OECD Hazardous Waste Codes" are only filled out if you shipped the waste stream to a country listed in 40 CFR 262.58(a)(1) for recovery under 40 CFR Part 262 Subpart H. If you are filling out, please use the applicable waste codes from the appropriate OECD waste list incorporated by reference in 40 CFR 262.89(d). The consolidated green and amber waste lists are on pp.81-98 of the Guidance Manual for the Amended 2001 OECD Decision, available online at <http://www.oecd.org/dataoecd/57/1/42262259.pdf>
 - (c) The "Total Quantity Shipped During Reporting Year" should be the sum of all shipments of that specific waste stream to that specific receiving facility.
 - (d) The "Units for Total Quantity Shipped" should be the units of measurement for the quantity shipped. Please use one of the units listed in the "Acceptable Quantity Units" page.
 - (e) List all transporters used from the initial pick up of the specific waste stream in the US to the final delivery at the specific receiving facility.
To list more than three transporters, select columns "R" and "S", copy the columns, and then paste to the right as many times as needed.
 - (f) The sheet has been formatted to print out in landscape mode and has been shrunk to fit all columns on one page width. If you need to add more transporter columns, you will need to further shrink the print area to fit the columns to one page width.
 - (g) The set print area includes all current columns and the first 25 data entry rows. If you add columns or have more than 25 unique waste stream-receiving facility combinations, you will need to expand the print area to cover all needed columns and rows.
- (5) Please save the filled out document with a name that includes the exporter name listed on the "Exporter Page". For example, exporter "HazWasteABC" would save the completed document as "Export Annual Report - HazWasteABC - CY2010.xlsx". If different exporters have the same company name, please add the city where the site is located. For example, if "HazWasteABC" has separate exporter sites in Houston, TX and Memphis, TN that had unique consents to export, the Houston site would save the completed document as "Export Annual Report - HazWasteABC Houston - CY2010.xlsx" and the Memphis site would save it as "Export Annual Report - HazWasteABC Memphis - CY2010.xlsx".
- (6) You may print out the "Exporter Page", "Waste Reduction Page" (if required to submit), and "Export Data by Destination" to create a hardcopy report for submittal. Please make sure that all required data is printed out per notes (4)(f) and (4)(g) above. If you choose to submit this print out as your official submittal, please remember to SIGN AND DATE on the printed "Exporter Page". It will not be a complete submittal without your signing and dating the exporter certification statement.
- (7) Please email a copy of the completed document to "coughlan.laura@epa.gov, nelson.scott@epa.gov, tatum.jana@epa.gov", and list "Electronic Copy of Annual Report for CY2010" in the subject line of the email.
